▶ SINGLE GRADUATE STUDENT:

\$175 + \$4,050 + \$1,800 + \$3,070 + \$7,180 = \$16,275 (+\$1000 Books) = \$17,275 Total (\$1919/month)

▶ SINGLE UNDERGRADUATE STUDENT:

▶ FAMILY (STUDENT, SPOUSE, & 1 CHILD):

\$175 + \$4,050 + \$1,800 + \$16,950 + \$10,412 + \$2,000 + \$1,000 = \$36,387 (+\$1000 Books) = \$37,387 (\$4154/month)

*Plus \$1,000 for each additional child.

Special Notes:

--Tuition costs & fees are not included in the living estimates & can be found here: <http://www.regent.edu/admin/busoff/student.cfm>

--Students must budget for additional 3 month costs if they will stay at Regent during the summer.

--Those who might purchase a car/vehicle will need an additional \$4,000-5,000 for a used vehicle, plus \$1,500/year for taxes, gasoline & maintenance.

--Regent Commons undergraduate housing assignments have, on average, a lower cost as these housing assignments are "double or triple occupancy" (2 or 3 roommates sharing an assignment) rather than the "single occupancy" housing assignments for graduate students (which is 1 resident with an entire apartment to him/herself).
